

EVEN IF DISCOURAGED

TRY DR. WILLIAMS' PINK PILLS FOR YOUR RHEUMATISM.

The Pills Have Cured the Disease in Almost Every Form and Even in Advanced Stages.

Rheumatism is a painful inflammation of the muscles or of the coverings of the joints and is sometimes accompanied by swelling. The pain is sharp and shooting and does not confine itself to any one part of the body, but after settling in one joint or muscle for a time, leaves it and passes on to another. The most dangerous tendency of the disease is to attack the heart. External applications may give relief from pain for a time but the disease cannot be cured until the blood is purified. Dr. Williams' Pink Pills are the best medicine for this purpose as their action is directly on the blood, making it rich, red and healthy. When the blood is pure there can be no rheumatism.

Mrs. Ellen A. Russell, of South Goff St., Ansbury, Mo., says: "I had been sick for fifteen years from impure blood, brought on by overwork. My heart was weak and my hands colorless. I was troubled with indigestion and vomiting spells, which came on every few months. I had no appetite and used to have awful fainting spells, falling down when at my work. I frequently felt numb all over. My head ached continuously for five years.

"About two years ago I began to feel rheumatism in my joints, which became so lame I could hardly walk. My joints were swollen and pained me terribly. "Dr. Williams' Pink Pills were recommended to me by a friend, after I had failed to get well from the doctor's treatment. When I began taking the pills, the rheumatism was at its worst. I had taken only a few boxes, when the headaches stopped and not long afterward I felt the pain in my joints becoming less and less, until there was none at all. The stiffness was gone and I have never had any return of the rheumatism."

Dr. Williams' Pink Pills have cured such diseases as nervous and general debility, indigestion, nervous headache, neuralgia and even partial paralysis and locomotor ataxia. As a tonic for the blood and nerves they are unequalled.

A pamphlet on "Diseases of the Blood" and a copy of our diet book will be sent free on request to anyone interested.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Court's Acoustics Bad.

The acoustic properties of the courtrooms in London's new criminal courts building are so bad, it is said, that the other day a prisoner who had been sentenced to six months thought he had been sentenced to 12. He said to a warden: "One of the beaks gave me six months and another of 'em gave me six months before." Also, besides echoes, "reverberations" are complained of.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any cure it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Kite Control.

Kite control within certain prescribed limits has been accomplished in France by means of a "deviator," and this makes the kite available for life saving purposes. A severe test was given to the device some time ago at Royan, on the east coast of France, and wonderful things were accomplished.

The following advertisement appeared lately in the Chicago News: "Proximity to labor does not produce results; the requisite to attaining the highest degree of success in the golden quest is haste, and I need the money; anything from pushing a pen to skinning mules; if you are from Missouri, allow me."

There was a young lady from Saint Who fainted and fell in a faint, She lit in the arms Of strong Mr. Harms Who got his coat covered with paint!

A lecturer in St. Louis announced as his subject: "Woman—Generally Speaking."

An advertiser in the Minneapolis Tribune wants "a country printer for a small North Dakota town; one who can play the piano for an orchestra preferred."

According to an advertisement in the Omaha Bee, there is wanted "a man to run a local newspaper in a prosperous Western town; would be convenient to know the barber or jewelry trade."

There is an old hussy named Brook Whose fame should be writ in a book. With courage undaunted He kitchenward vaulted And fastened a can to the cook!

It's enough to give a man brain storm to read that the wife of a Missouri editor has left him on account of cruel treatment because he was bound to liquor.

Some young newspaper men are altogether too trusting. For instance, read what has just happened to a young fellow on the New Orleans Times-Democrat:

She borrowed her hair from the night. Her skin from the swan-breast's white. Her laugh from the sea; She borrowed her eyes from the blue Where there's never a cloud in the view. And she borrowed ten dollars from me!

An Oklahoma editor writes that he has printed one of my poems four times and "nobody kicked." Try 'em once more, old man; I'm a long ways from Oklahoma.

Most any man can get a wife—but, say, did you ever try to hire a good cook?

Every man has a hobby—and in nine cases out of ten he can't break the blamed thing to ride.

Gimme Ten Cents' Worth.
Our old college chum, Strickland W. Gillman, has written and slipped by the copy reader on the Chicago Daily News this poem "you ought to know":

I wonder what I'll write to-day To titillate my friends, for pay? I cannot write of spring apace, For she has gone and hid her face! And blanketed my part of town And blanketed my part of town When I arose and saw the stuff, I just let loose a lot of guff! Confound the snow! One cannot write Spring poems that will keep all night! I'm blamed if I will write of snow—I hate the sticky old stuff so! I've got to write tho', bless your soul—Last night I had to buy more coal! And now I've got to write to pay The coal man when he comes to-day. To-morrow I must wear a dress For wife—and a hat, I guess. And next day I must write some shirts—The neck-band on my old one hurts! And all next week, both day and night, I've got to write things, gay and light—Say, if you think it's merely fun You try this thing some day, by gum! Try writing out a ton of coal Or freeze to death! Upon my soul I then believe that you will be A wee bit easier on me! Ho, hum! I've written quite a string About not much of anything! You write some rot like this some time—A bunch of drivel and some rhyme, And then you think how every day I have to do this thing for pay, And maybe you will leave a sigh And sorter spare yer

"THE MARRYING SQUIRE."

Justice Geo. E. Law, of Brazil, Ind., Has Married 1400 Couples.

Justice Geo. E. Law, of Brazil, Ind., has fairly earned the title "The Marrying Squire," by which he is known far and wide, having already married some 1400 couples. Ten years ago he was Deputy County Treasurer. "At that time," said Justice Law, "I was suffering from an annoying kidney trouble. My back ached, my rest was broken at night, and the passages of the kidney secretions were too frequent and contained sediment. Three boxes of Doan's Kidney Pills cured me in 1897, and for the past nine years I have been free from kidney complaint and backache."

STUDENT MADE HIS POINT.

No Doubt the Policeman Understood What He Meant.

W. H. Mallock, the well-known English writer and political economist, said at a dinner in New York, apropos of a new definition of socialism: "I find that definition rather confusing. It reminds me of the young Oxford student's badinage with the policeman. 'Officer,' said the youth late one night, 'I'd like to ask you a question.' 'Very well, sir.' 'Does the law permit me to call you an ass?' 'You move on,' the officer growled. 'But stop a bit,' continued the youth. 'Does the law permit me to call an ass a policeman?' 'The law don't say nothing about that,' was the gruff reply. 'Then,' said the youth, 'good-night, Mr. Policeman.'"

Awful Humor Eating Away Face—Body a Mass of Sores—Cuticura Cures in Two Weeks.

"My little daughter broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away. Her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents. Mrs. George J. Steese, 701 Coburn St., Akron, O., Aug. 30, 1905."

Would Grow Tobacco in Ireland.

An effort is being made under direction of William Redmond to repeal the law which prohibits the growing of tobacco in Ireland. It is held that soil and climatic conditions in Ireland are favorable to the production of a good quality of tobacco, and that its cultivation can be made profitable.

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever.

In the good old-fashioned days of our grandmothers few drugs were used in medicines. They relied upon roots and herbs to cure weaknesses and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.
